

## Steps to becoming an Outreach Trainer for Construction with the Mid Atlantic OSHA Training Institute Education Center (MAOTIEC).

1. Must have 5 years of Occupational Safety & Health experience in the [Construction] Industry. Your experience must be related to safety activities demonstrating knowledge and use of OSHA standards.

Note: Working safely does not meet the requirements of safety experience needed for an OSHA trainer course

Note: If you have one of the following, you may substitute 2 years of experience: Certified Safety Professional (CSP), Certified Industrial Hygienist (CIH) or a degree in Occupational Safety & Health from an accredited college or university

2. Successfully complete the OSHA 510 – Occupational Safety and Health Standards for the Construction Industry (Prerequisite course) within the last 7 years.
3. Complete the Prerequisite Verification Form (PVF) for the Mid Atlantic OTI Education Center and send to [info@oshamidatlantic.org](mailto:info@oshamidatlantic.org) for review and approval.

Note: You must complete the entire Prerequisite Verification Form (PVF) to be considered in the Outreach program. Please do not send resume.

Note: Send a copy of your OSHA 510 certificate, completed in the last 7 years with you PVF

4. Once your PVF is approved, register, and complete the OSHA 500 Trainer Course in Occupational Safety & Health Standards for the Construction Industry.
